Rule 1.2 Meeting Facilities and Use.

A. Primary Use

The Winter Building is operated as an archival storage and access facility and also houses the administrative offices for the Mississippi Department of Archives and History (MDAH).

B. Organizational Use

The Orientation Room and Lobby have been designated as areas for use by educational, historical, and other non-profit organizations. These areas are available to such organizations only during regular week-day hours of operation. The Winter Building meeting facilities will not be available to private individuals or corporate entities acting on their own. No use of the building may be made by political candidates or political parties in support of a candidate or slate of candidates.

All reservations, proposed meeting plans, and arrangements for an event must be submitted on the Facility Use Application form and must be approved by the Winter Building Director of Operations, Office of Business Services. MDAH may request that an

organization supply proof of non-profit status and its by-laws and/or constitution before approving an application. Following approval of the application, a Facility Use Contract must be signed.

C. Department Co-sponsorship

Organizations or events whose purpose complements or enhances the goals of MDAH may request the Department to co-sponsor an event. Requests for co-sponsorship of an event should be submitted in writing to the Department Director. The decision of the Department Director will be final. If co-sponsorship is approved, it may be shared equally or borne by either the User or the appropriate division of MDAH as determined by prior agreement. Any publicity generated by the User will recognize MDAH as a co-sponsor.

D. Fire Regulations

The Winter Building is a smoke-free facility. **Smoking is prohibited in all areas of the building.** Open flames including, but not limited to, candles, torches, and oil lamps may not be used in the building.

E. Event Arrangements

Reservations, proposed plans and arrangements for an event must be submitted on the Facility Use Application and must be approved by the Winter Building Director of Operations, who is responsible for ensuring that all policies and conditions have been fulfilled. The Director of Operations will make staff arrangements for non-MDAH events; for MDAH events, the sponsoring division is responsible for staff arrangements. Following approval of the Application, a Facility Use Contract must be signed. Only after the contract has been signed may the Winter Building be publicized as the site for an event.

Any additional use of the building, such as set-up prior to the designated meeting time, must be cleared and approved through the Winter Building Director of Operations.

Basic clean-up is the responsibility of the User and involves removal of all organizational materials, decorations, and any trash generated as a result of the event. Failure to properly clean the facilities could result in a cleaning fee assessment.

Any equipment, material, or decorations brought into the Building must be approved by the Winter Building Director of Operations. This includes, but is not limited to, signage, decorations, banners, cameras, etc. **No materials of any kind may be attached to the walls of the building.**

The installation and removal of approved decorations is the responsibility of the User and should be accomplished on the same day as the scheduled event. Some exceptions may be approved. Flowers and plants, live or dried, and similar natural decorations may not be used. Decorations must not be placed in such a manner as to impede the flow of traffic or to obstruct access to stairs or fire exits.

No alterations, such as moving, opening, or closing, may be made to furnishings (blinds, curtains, furniture, chairs) without approval from the Winter Building Director of Operations. If approved, alterations will be handled by the Department staff only.

F. Security

Security is provided by the Office of Capitol Police, Department of Finance and Administration. Special requirements concerning security will be handled through the Winter Building Director of Operations. Please note that the inability of law enforcement to provide adequate security may require the cancellation of the scheduled event.

G. Emergency Evacuation

In the case of a severe weather emergency, such as a tornado warning, visitors will be directed to a secure area of the Winter Building by Department staff. Department staff and visitors are instructed to remain in the secure area until the conclusion of the severe weather alert. Although visitors have the right to exit the Winter Building upon initial advisory of the warning, they must make this choice immediately, may not retrieve personal items from the lockers, and may not re-enter the building during the severe weather event, as these actions pose a risk to Department staff and other visitors.

In the case of a fire or a bomb threat, visitors will be directed to exit the Winter Building by a visible and audible alarm system, exit signage, and Department staff. Department staff will further direct visitors to a secure area outside the building. Department staff and visitors are instructed to remain in the secure area until an accounting of all staff and visitors has been completed. Visitors must evacuate the building immediately, may not retrieve personal items from the lockers, and may not re-enter the building until the Director of Operations has declared the building safe, as these actions pose a risk to the Department staff and other visitors.

H. Fund Raising

There shall be no solicitation of funds inside or on the grounds of the Winter Building by any organization other than the Department. Materials for free distribution may be set up in the lobby if directly related to an approved event.

I. Parking

Videotaping, filming, and/or photography are allowed in the Orientation Room and the Lobby as long as normal traffic flow is not impeded. Department staff may restrict the use of secondary or auxiliary lights, flash, or equipment.

Any commercial or professional videotaping, filming, and/or photography requires approval and the execution of the Department's Commercial Filming Agreement, which could require a negotiated fee.

Part 1 Chapter 5: Policy for Image Duplication and Use
(Adopted by the Board of Trustees on January 18, 2013)

Rule 5.1.

A. Introduction:

The Mississippi Department of Archives and History (MDAH) is a comprehensive historical agency. The department collects, preserves, and provides access to the archival resources of the state; administers museums and historic sites; and oversees statewide programs for historic preservation, government records management, and publications. The purpose of this document is to define MDAH policies regarding duplication, and the broadcast, publication, exhibition, Internet use, and other distribution, of images of items from the department's holdings that are not covered by the Mississippi Public Records Act of 1982. All division guidelines and procedures will conform to this policy.

B. Items in the Public Domain:

Permission to use images of items in the public domain (including, but not limited to, government records and most images taken by MDAH) may be granted for one-time use in multiple formats. No other edition, duplication, alteration, or transfer to other persons or institutions is permitted without prior written consent from MDAH. Such authorization is non-exclusive, and MDAH does not surrender its own right to publish or to grant others permission to publish.

C. Items Not in the Public Domain:

Some items in the MDAH collections are protected by U.S. Copyright Law (Title 17, U.S.C., in accordance with the Berne Convention for the Protection of Literary and Artistic Works) and the Digital Millennium Copyright Act. Additionally, the duplication and/or use of some items may be restricted by gift agreements with donors, privacy and publicity rights, and licensing and trademarks.

It is the responsibility of the user to obtain duplication and/or use permission from the copyright owner and to supply that permission to MDAH in writing before duplication. MDAH will provide copyright information when known. Permission to use images of items that are not in the public domain may be granted for one-time use for a limited period with the permission of the copyright owner.

No other edition, duplication, alteration, or transfer to other persons or institutions is permitted without prior written consent from the copyright holder and MDAH. Such authorization is non-exclusive, and MDAH does not surrender its own right to publish or to grant others permission to publish.

D. Duplication Services:

After the MDAH order form is completed, staff will perform all duplication services when possible. Orders are processed in the order received. A specific delivery date cannot be guaranteed.

MDAH may delay the duplication of a fragile item until appropriate conservation measures can be completed. Such measures are implemented as scheduling and funds allow. The user may choose to expedite this process by paying the cost of conservation measures necessary to safely duplicate an item.

MDAH reserves the right to deny any duplication request, in order to ensure the preservation of the item, the implementation of donor restrictions, and other applicable legal restrictions, including copyright, privacy and publicity rights, and licensing and trademarks.

If MDAH cannot produce the requested image, a commercial vendor approved by MDAH may be used at the user's expense. MDAH will not be responsible for the quality of work performed by a vendor.

If MDAH or an approved vendor cannot provide the desired format, the user may request permission to use personal equipment to produce the copy. Such requests must be made in writing in advance, and be approved by the division director or their designee. If approval is granted, the user must follow the duplication procedures established by the division.

E. Use Permission:

An MDAH use permission form must be completed and approved by the appropriate staff before broadcast, publication, exhibition, Internet use, or other distribution of images of items from the department's holdings.

The copyright owner, if appropriate, and MDAH must approve the superimposition of text, cropping, bleeding, addition of color, or other alterations at the time the use permission form is submitted.

MDAH reserves the right to withhold permission for any use it considers to be contrary to the mission of MDAH.

F. Charges, Fees, and Payment:

The MDAH Board of Trustees establishes charges and fees; these are subject to change without notice. A current schedule of charges and fees will be maintained at MDAH and will be publicly available.

Legal residents of Mississippi; not-for-profit organizations chartered in Mississippi; state, county, and municipal agencies in Mississippi; and federal agencies will not be charged use fees; unless the intended use is a product that will be distributed for a price.

For-profit entities, and non-Mississippi individuals and organizations will be charged use fees.

Profit/Not-for-profit status is determined by the status of the entity requesting the use, not by the status of the entity funding the project. Proof of Internal Revenue Service filing category is required to qualify for the not-for-profit fee rate.

Payment in advance is required for all products, services rendered, and use fees. Charges and fees are not refundable. Any reduction of charges and fees will be determined by the division director or their designee according to division procedures.

G. Product Copies:

The user will provide MDAH a complimentary copy of, or internet link for, any product containing images from MDAH.

H. Questions:

Questions about this policy should be submitted in writing to the appropriate division director or their designee.

Part 1 Chapter 6: Public Records Act of 1982 Regulations

(Adopted by the Board of Trustees on April 24, 1987)

Rule 6.1. This policy is adopted by the authority of §25-61-1 et seq., MCA 1972, and applies to all books, records, papers, accounts, letters, maps, photographs, films, cards, tapes, recordings or reproduction thereof, and other documentary materials, regardless of physical form or characteristics, having been used, being in use, or prepared, possessed or retained for use in the conduct, transaction or performance of any business, transaction, work, duty or function of the Department of Archives and History.

A. Request Submission:

A request for records shall be submitted in writing to the director, Department of Archives and History, P. O. Box 571, Jackson, Mississippi 39205.

B. Records Not Covered:

Access to records accessioned in the official archives of the state or in the private record archives are not affected by these regulations. Access to those records is provided through procedures established for the Department reading rooms.

C. Identification of Requested Records:

The request for information shall be marked "Request for Public Records" and shall describe in reasonable detail the records sought. The request should include, if possible, a description of the type of records, names, dates and other information that may aid in locating records.

D. Exempt Records:

The director shall determine whether the records sought are exempt from production under the Mississippi Public Records Act and shall either cause to be produced or deny production of the records sought within seven (7) working days of the receipt of the request. If the director determines that the records requested are exempt or not subject to public disclosure under the law, he shall deny the request and shall send the person making the request a statement of the specific exemption relied upon for the denial. Such denials shall be kept on file for inspection by any person for three (3) years.

Where possible, non-exempt records will be separated from exempt records, and only the exempt records will be withheld. If exempt records cannot be withheld, the exempt information will be reacted by the Department prior to providing access to the non-exempt information. The Department will charge a reasonable fee for the redaction of any exempted information, not to exceed the agency's actual cost.

Information gained from third parties containing trade secrets or confidential commercial or financial information will not be released until a reasonable time after notice has been sent to the third parties, unless the material is protected by a court order.

Records in the possession of the Department of Archives and History that contain information about the location of any specific archaeological site and that in the opinion of the Department would, upon the disclosure thereof, create a substantial risk of damage or destruction to the historical value of such archaeological site or create a substantial risk of damage or destruction to private property rights, are exempt from the provisions of the Mississippi Public Records Act of 1983.

E. Fees:

The request for information should be accompanied by sufficient funds to defray the actual costs of searching, reviewing, copying and, if applicable, mailing the records. Fees charged for the records will not exceed the actual costs, and any overpayment will be refunded. Fees shall be collected prior to compliance with the request. Fees currently authorized by the board of trustees are posted on the department's website

The director shall cause the person making the request to be promptly notified of the estimated fees if the estimate exceeds the funds accompanying the request. The schedule of fees will apply even if the search is unproductive.

Fees are subject to revision by the Board of Trustees.

C. Department Co-sponsorship

Organizations or events whose purpose complements or enhances the goals of MDAH may request the Department to co-sponsor an event. Requests for co-sponsorship of an event should be submitted in writing to the Department Director. The decision of the Department Director will be final. If co-sponsorship is approved, it may be shared equally or borne by either the User or the appropriate division of MDAH as determined by prior agreement. Any publicity generated by the User will recognize MDAH as a co-sponsor.

The Director of Operations will make staff arrangements for non-MDAH events; for MDAH events, the sponsoring division is responsible for staff arrangements. Following approval of the Application, a Facility Use Contract must be signed. Only after the contract has been signed may the Winter Building be publicized as the site for an event.

Any additional use of the building, such as set-up prior to the designated meeting time, must be cleared and approved through the Winter Building Director of Operations.

Basic clean-up is the responsibility of the User and involves removal of all organizational materials, decorations, and any trash generated as a result of the event. Failure to properly clean the facilities could result in a cleaning fee assessment.

Any equipment, material, or decorations brought into the Building must be approved by the Winter Building Director of Operations. This includes, but is not limited to, signage, decorations, banners, cameras, etc. **No materials of any kind may be attached to the walls of the building.**

The installation and removal of approved decorations is the responsibility of the User and should be accomplished on the same day as the scheduled event. Some exceptions may be approved. Flowers and plants, live or dried, and similar natural decorations may not be used. Decorations must not be placed in such a manner as to impede the flow of traffic or to obstruct access to stairs or fire exits.

No alterations, such as moving, opening, or closing, may be made to furnishings (blinds, curtains, furniture, chairs) without approval from the Winter Building Director of Operations. If approved, alterations will be handled by the Department staff only.

F. Security

Security is provided by the Office of Capitol Police, Department of Finance and Administration. Special requirements concerning security will be handled through the Winter Building Director of Operations. Please note that the inability of law enforcement to provide adequate security may require the cancellation of the scheduled event.

G. Emergency Evacuation

In the case of a severe weather emergency, such as a tornado warning, visitors will be directed to a secure area of the Winter Building by Department staff. Department staff and visitors are instructed to remain in the secure area until the conclusion of the severe weather alert. Department staff will further direct visitors to a secure area outside the building. Department staff and visitors are instructed to remain in the secure area until an accounting of all staff and visitors has been completed. Part 1 Chapter 5: Policy for Image Duplication and Use

(Adopted by the Board of Trustees on January 18, 2013)

Rule 5.1.

A. Introduction:

The Mississippi Department of Archives and History (MDAH) is a comprehensive historical agency. The department collects, preserves, and provides access to the archival resources of the state; administers museums and historic sites; and oversees statewide programs for historic preservation, government records management, and publications. The purpose of this document is to define MDAH policies regarding duplication, and the broadcast, publication, exhibition, Internet use, and other distribution, of images of items from the department's holdings that are not covered by the Mississippi Public Records Act of 1982. All division guidelines and procedures will conform to this policy.

B. Items in the Public Domain:

Permission to use images of items in the public domain (including, but not limited to, government records and most images taken by MDAH) may be granted for one-time use in multiple formats. No other edition, duplication, alteration, or transfer to other persons or institutions is permitted without prior written consent from MDAH. Such authorization is non-exclusive, and MDAH does not surrender its own right to publish or to grant others permission to publish.

C. Items Not in the Public Domain:

Some items in the MDAH collections are protected by U.S. Copyright Law (Title 17, U.S.C., in accordance with the Berne Convention for the Protection of Literary and Artistic Works) and the Digital Millennium Copyright Act. Additionally, the duplication and/or use of some items may be restricted by gift agreements with donors, privacy and publicity rights, and licensing and trademarks.

It is the responsibility of the user to obtain duplication and/or use permission from the copyright owner and to supply that permission to MDAH in writing before duplication. MDAH will provide copyright information when known. Permission to use images of items that are not in the public domain may be granted for one-time use for a limited period with the permission of the copyright owner.

No other edition, duplication, alteration, or transfer to other persons or institutions is permitted without prior written consent from the copyright holder and MDAH. Such authorization is non-exclusive, and MDAH does not surrender its own right to publish or to grant others permission to publish.

D. Duplication Services:

After the MDAH order form is completed, staff will perform all duplication services when possible. Orders are processed in the order received. A specific delivery date cannot be guaranteed.

MDAH may delay the duplication of a fragile item until appropriate conservation measures can be completed. Such measures are implemented as scheduling and funds allow. The user may choose to expedite this process by paying the cost of conservation measures necessary to safely duplicate an item.

MDAH reserves the right to deny any duplication request, in order to ensure the preservation of the item, the implementation of donor restrictions, and other applicable legal restrictions, including copyright, privacy and publicity rights, and licensing and trademarks.

If MDAH cannot produce the requested image, a commercial vendor approved by MDAH may be used at the user's expense. MDAH will not be responsible for the quality of work performed by a vendor.

If MDAH or an approved vendor cannot provide the desired format, the user may request permission to use personal equipment to produce the copy. Such requests must be made in writing in advance, and be approved by the division director or their designee. If approval is granted, the user must follow the duplication procedures established by the division.

E. Use Permission:

An MDAH use permission form must be completed and approved by the appropriate staff before broadcast, publication, exhibition, Internet use, or other distribution of images of items from the department's holdings.

The copyright owner, if appropriate, and MDAH must approve the superimposition of text, cropping, bleeding, addition of color, or other alterations at the time the use permission form is submitted.

MDAH reserves the right to withhold permission for any use it considers to be contrary to the mission of MDAH.

F. Charges, Fees, and Payment:

The MDAH Board of Trustees establishes charges and fees; these are subject to change without notice. A current schedule of charges and fees will be maintained at MDAH and will be publicly available.

Legal residents of Mississippi; not-for-profit organizations chartered in Mississippi; state, county, and municipal agencies in Mississippi; and federal agencies will not be charged use fees; unless the intended use is a product that will be distributed for a price.

For-profit entities, and non-Mississippi individuals and organizations will be charged use fees.

Profit/Not-for-profit status is determined by the status of the entity requesting the use, not by the status of the entity funding the project. Proof of Internal Revenue Service filing category is required to qualify for the not-for-profit fee rate.

Payment in advance is required for all products, services rendered, and use fees. Charges and fees are not refundable. Any reduction of charges and fees will be determined by the division director or their designee according to division procedures.

G. Product Copies:

The user will provide MDAH a complimentary copy of, or internet link for, any product containing images from MDAH.

H. Questions:

Questions about this policy should be submitted in writing to the appropriate division director or their designee.

Part 1 Chapter 6: Public Records Act of 1982 Regulations

(Adopted by the Board of Trustees on April 24, 1987)

Rule 6.1. This policy is adopted by the authority of §25-61-1 et seq., MCA 1972, and applies to all books, records, papers, accounts, letters, maps, photographs, films, cards, tapes, recordings or reproduction thereof, and other documentary materials, regardless of physical form or characteristics, having been used, being in use, or prepared, possessed or retained for use in the conduct, transaction or performance of any business, transaction, work, duty or function of the Department of Archives and History.

A. Request Submission:

A request for records shall be submitted in writing to the director, Department of Archives and History, P. O. Box 571, Jackson, Mississippi 39205.

B. Records Not Covered:

Access to records accessioned in the official archives of the state or in the private record archives are not affected by these regulations. Access to those records is provided through procedures established for the Department reading rooms.

C. Identification of Requested Records:

The request for information shall be marked "Request for Public Records" and shall describe in reasonable detail the records sought. The request should include, if possible, a

description of the type of records, names, dates and other information that may aid in locating records.

D. Exempt Records:

The director shall determine whether the records sought are exempt from production under the Mississippi Public Records Act and shall either cause to be produced or deny production of the records sought within seven (7) working days of the receipt of the request. If the director determines that the records requested are exempt or not subject to public disclosure under the law, he shall deny the request and shall send the person making the request a statement of the specific exemption relied upon for the denial. Such denials shall be kept on file for inspection by any person for three (3) years.

Where possible, non-exempt records will be separated from exempt records, and only the exempt records will be withheld. If exempt records cannot be withheld, the exempt information will be reacted by the Department prior to providing access to the non-exempt information. The Department will charge a reasonable fee for the redaction of any exempted information, not to exceed the agency's actual cost.

Information gained from third parties containing trade secrets or confidential commercial or financial information will not be released until a reasonable time after notice has been sent to the third parties, unless the material is protected by a court order.

Records in the possession of the Department of Archives and History that contain information about the location of any specific archaeological site and that in the opinion of the Department would, upon the disclosure thereof, create a substantial risk of damage or destruction to the historical value of such archaeological site or create a substantial risk of damage or destruction to private property rights, are exempt from the provisions of the Mississippi Public Records Act of 1983.

E. Fees:

The request for information should be accompanied by sufficient funds to defray the actual costs of searching, reviewing, copying and, if applicable, mailing the records. Fees charged for the records will not exceed the actual costs, and any overpayment will be refunded. Fees shall be collected prior to compliance with the request. Fees currently authorized by the board of trustees are posted on the department's website

The director shall cause the person making the request to be promptly notified of the estimated fees if the estimate exceeds the funds accompanying the request. The schedule of fees will apply even if the search is unproductive.

Fees are subject to revision by the Board of Trustees.
